SAFETY MESSAGE

The winter rain has caused damage to the track and there are deep ruts in the track along with some erosion of the track.

- TAKE CARE when using the track.
- Try and use a 4WD.
- Try to drive only during the day.
- Take it SLOW.

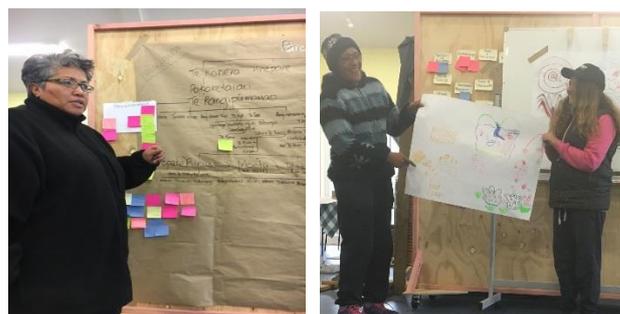

It is no easy fix for the track. The running water from the hills and creeks, along with the make-up of the soil/pumice makes for a tricky solution. The trust is engaging with a number of organisations to try and solve the issue both in the short and longer term.

THF Hapu Forum

Ripeka Shepard is planning a wananga for Labour Weekend Saturday 22nd and Sunday 23rd of October.

Our first set of policy statements have been released and includes such things as:

- Housing application on hold.
- Restrictions on rock climbing location.
- Violence and bad behaviour in the Bay.

Rock Climbing Concerns

There is some concerns be expressed to me over the behaviours (cutting trees down, and spray painting on rocks and trees) of Rock climbers in the bay. This is being investigated. Climbing now restricted to Whekenui until the AGM.
